Murder of Two Boys Lead To Demonstration Against All Foreigners—Men Suspected of Crime Under Arrest.

BULLETIN

St. Louis, Mo., Aug. 5.—Three men are reported to have been killed, many injured and several homes of foreign residents fired tonight in West Frankfort, Ill., 104 miles south of St. Louis by a mob bent on avenging the murder of Amiel Calcaterra, 19, and Tony Hempel, 18, both of West Frankfort, whose bodies were found near here yesterday.

BULLETIN

SPRINGFIELD, Ill., Aug. 5.—Governor Lowden has ordered five companies of the Ninth Illinois Infantry to proceed at once to West Frankfort under command of Major Wilbur E. Satterfield of Mount Vernon.

The companies designated follow: Headquarters Company of Effingham; Supply Company of Cairo; Company B, McLeansboro; Company D of Cairo, and Company L of Salem.

BULLETIN

SPRINGFIELD, Ill., Aug. 5.—Governor Frank O. Lowden at 10:30 o'clock received a call from West Frankfort for troops. The call was signed by the sheriff and mayor of West Frankfort who declared the mob was beyond control of local officials.

The message received by the governor from Mayor Lon Fox and Sheriff Robert Watkins of Franklin county follows:

"Race riot here. Italian people are being assaulted and their property destroyed. The situation is out of control of the city and county officials. Troops are needed at once."

BULLETIN

CARBONDALE, Ill., Aug. 5.—A photographer who attempted to take pictures of the rioting in West Frankfort tonight was beaten to death by the mob, according to a message received at the Illinois Central offices here from the company's telegraph station at West Frankfort. This is the first death reported from the outbreak there.

St. Louis, Aug. 5.—A mob of more than 3,000 is in control of West Frankfort, Ill., threatening to drive out the foreign population, following the discovery yesterday of the bodies of Amiel Calcaterra, 19, and Tony Hempel, 18, who had been murdered, according to a long distance telephone message received tonight from Carterville, Ill. Forty persons have been injured, four seriously, in riots, it was said.

The rioting started this afternoon according to the message when two more suspects were arrested in connection with the murder.

The mob, hastily organizing, stormed the jail, demanding the prisoners. When this was refused, they demanded that a committee chosen from their members be allowed to talk to the prisoners.

Prisoners Questioned
The authorities granted this demand and the prisoners, one of whom is a chauffeur, is said to have informed his questioner that he drove Calcaterra and Hempel to Royalton Monday in company with Sattino De Sensis, who also is held in connection with the murder. The committee then withdrew from the jail and the two prisoners were hastily removed by the authorities.

The mob is reported to have divided and started for nearby towns where it is believed that Sensis and the other two suspects have been taken. West Frankfort is in the southern Illinois coal region, and has been cut off from telephonic communication for some time on account of labor trouble and only meager information was available.

Foreigners are reported to be leaving West Frankfort and Marion by every road carrying what household goods they can and in many instances driving cattle ahead of them.

Homes are Fired
At 10:30 o'clock tonight the mob began setting fire to the homes in Frankfort Heights, a section occupied by foreigners according to reports reaching here. Other homes throughout the town also are being fired, it was stated.

Automobiles laden with armed parties are reported arriving in great numbers. All of the city officials and Italian residents are said to have been given 24 hours to leave town.

All of the deaths resulted ad-

COMMITTEE OF 48 TO WITHDRAW FROM FARMER-LABOR PARTY

Utah Farmer-Labor Officials Charge it is Controlled by I. W. W.

PARLEY P. CHRISTENSEN DENIES THE CHARGE

NEW YORK, Aug. 5.—An announcement that the committee of 48 was preparing to withdraw formally from all connection with the Farmer-Labor party of which Parley P. Christensen is the presidential nominee today followed the resignation yesterday of two officials and members of the Utah Farmer-Labor organization who charged the party was controlled by the Industrial Workers of the World.

Re-organization of the committee of forty-eight along the original lines of the party will be undertaken at a meeting of the executive committee next Monday according to Allen McCurdy, secretary of the forty-eighters.

In a statement today he said the Farmer-Labor party is a radical organization and does not adhere to the principles upon which the committee of forty-eight attempted to build a national party.

Replying to the charge of McCollom and Weaver, the Utah officials who resigned, Mr. Christensen declared the Farmer-Labor party is not under I. W. W. control but is composed of "every day Americans, seeking relief from the intolerable economic autocracy obtaining in this country."

In a formal statement, he challenged the political integrity of McCollom and Weaver. In his statement today Mr. McCurdy declared:

"It is plain to any intelligent person that it is impossible for the committee of 48 and the Farmer-Labor party to meet, join, merge or amalgamate. Oil and water do not mix."

RAID LEMONT SALOONS MAYOR ARRESTED

CHICAGO, Aug. 5.—A squad of twenty-five government agents, acting under orders from Mayor A. D. Ransome, prohibition enforcement director today raided eight saloons in Lemont, Ill., and arrested Mayor Harvard S. New, six saloonkeepers and a bartender on federal warrants. The prisoners were brought to Chicago and probably will be arraigned tomorrow.

Officials said seventy-five gallons of liquor were seized.

The prohibition agents in the search for liquor in one case dug thru a large pile of ashes in a saloon cellar. They rushed from one saloon to another until everywhere in the town had been raided.

RANK AND FILE VETS ENTER POLITICAL FOLD

Washington, Ill., Aug. 5.—Notice was given tonight by the Rank and File Veterans Association, a national organization of service men with headquarters here that it had endorsed Parley P. Christensen and Max Hayes, presidential and vice presidential candidates, respectively of the Farmer-Labor Party for election this fall.

The association also gave out a list of 59 senators and 201 representatives in congress with instruction to members and others "to see that they are defeated."

CUREWILL RING AT 9 O'CLOCK

Cork, Ireland, Aug. 5.—A curfew order which is to become effective Friday has been proclaimed in the districts of Charleville and Kilmallock. The order prohibits meetings or fairs and forbids anybody being abroad between the hours of 9 o'clock at night and 3 o'clock in the morning.

Charleville is the native town of Archbishop Mannix, of Australia, who has been named to open a fête there during this month.

With forty men will leave Effingham at 8 a. m.

Major Satterfield, commanding will report at once upon arrival to the sheriff of Franklin county.

Further word than the telegram asking for troops has not been had from West Frankfort by the adjutant general's department.

Telephone connections failed. It was reported that no wire could be gotten into West Frankfort after 11 o'clock.

BOLSHEVIK CAUSE DECLARED RIGHT BY MILITIA LAW

Defend Selves in Refusal to Stop Advance on Warsaw

GERMANS WILL FIGHT FOR NEUTRALITY

LONDON, Aug. 5.—The Russian soviet's reply to Great Britain's call for a halt of the Bolshevik advance in Poland, is a refusal, according to the London Times. The newspaper says the ground taken is that the armies would not obey an order to halt and will only be content when they reach Warsaw which has been promised to them for loot.

The Times says the note to the British government was received by M. Kamanoff one of the Bolshevik delegates here Thursday night and will be handed to Premier Lloyd George this (Friday) morning.

Bolsheviks Defend Cause.

According to the Times, the note says the Bolsheviks are entitled both by military and international law to continue their advance until an armistice is concluded. They are, however, prepared to sign an armistice and cease hostilities immediately the Polish delegates return to the appointed place with power to arrange an armistice and peace. The Bolshevik answer says it is felt this action is necessary because the Bolsheviks fear that without such an undertaking the armistice negotiations might be prolonged merely to enable Poland to receive reinforcements.

The answer further points out, says the Times that the Soviet government is prepared to offer Poland terms, including complete independence and wider boundaries than are provided in the treaty of Versailles.

Insist on Separate Plan.
The Soviet government declared in the answer that its delegates now in London are empowered to sign a peace with Great Britain or any other entente power, but that a separate peace with Poland is insisted upon.

The Soviet government repeats its willingness to join the proposed London conference but refuses to agree to the admission to it of any of General Wrangel's representatives or other Russian who have taken up arms against the Soviet.

TROOPS CANNOT PASS THRU GERMANY

Berlin, Aug. 5.—The German government is determined to prevent by all means the entente from sending troops thru Germany to help Poland, according to a declaration in the Reichstag today by Dr. Walter Simons, former minister. Dr. Simons intimated that if the necessity arose Germany would fight to prevent such a "violation" of German territory.

MAY STOP RED ADVANCE

Paris, Aug. 5.—Inspired by a wave of patriotism in the rear and encouraged by the arrival of arms and munitions the Polish army seems to be stiffening against the invasion of the Bolsheviks who are virtually at the gates of Warsaw.

Altho but vague and somewhat contradictory reports have reached Paris today, it is regarded tonight that the Poles still have a chance of stopping the red drive and limiting the extent of the disaster.

They apparently have not altogether abandoned the line of the forts at last accounts were still in possession of the Poles and denial, is made that the Bolsheviks have reached Ostrolenko. The Polish staff even has been able to launch two counter-offensives in the north in the region of Lomza and in the extreme south in Galicia.

OKLAHOMA PRIMARY RESULT IN DOUBT

OKLAHOMA CITY, Okla., Aug. 5.—With the exception of the contest for the Democratic nomination for United States senator in which Representative Scott Ferris defeated Senator Thomas P. Gore for renomination, none of the more important races in Tuesday's primary election had been definitely decided by returns tabulated tonight.

The Ferris-Gore contest was decided late today when after returns from 2-115 of the 2,708 precincts gave Ferris a lead of 24,679 Senator Gore issued a statement conceding his defeat.

MARK ARIE SAILS FOR HOME

Champaign, Ill., Aug. 5.—Mark Arie of this city, individual champion in the Olympic trap shooting, left Antwerp for the United States today according to a cablegram received here.

ALLEGED ANARCHIST PLACED UNDER ARREST BY CHICAGO POLICE

Said to Have Been Sought Four Years by Allied Governments

I. W. W. ORGANIZER IS ALSO ARRESTED

CHICAGO, Aug. 5.—Alexander Jaannuksa, said to be an international anarchist sought by the allied governments for four years, was arrested here today and with him was taken a quantity of documentary evidence said by police to show he was the head of an "underground" system of communication between radicals in this country and abroad.

Questioning of Jaannuksa tonight revealed that he had previously used the name of John Alexander and that more recently he had traveled with passports and a birth certificate belonging to Louis Granache, member of the United States Mercantile Marine.

Termining the arrest "the most important since the war," officials said Jaannuksa appeared to be the head of radicals in America, that he had joined the German radical Socialists at the age of 18 and fled from England to escape conscription and that he was now wanted in the United States. He was the editor of Der Klassenkampf (class struggle) said to be a radical paper which advocated destruction of all government.

Jaannuksa, his secretary Carl Brockmiller, and Charles Plahan, alleged I. W. W. organizer, were arrested. These three men have been in constant communication with radicals abroad, thru a Brooklyn druggist, according to local officials.

Plahan was convicted with "Big Bill" Haywood and other I. W. W. for advocating overthrow of the government and on other charges and served eighteen months in the Leavenworth, Kansas, penitentiary before being released on bonds pending disposition of his appeal.

NAVY YARD WORKERS WANT AN INCREASE OF FORTY PER CENT

Ask for an Average Increase of \$1.05 an Hour

MAY MEAN CUTTING DOWN OF EMPLOYEES

WASHINGTON, Aug. 5.—Representatives of 80,000 navy yard workers in forty three navy yards in the country appeared before the navy wage board today to urge an immediate increase in wages of approximately forty per cent.

They asked that the average wage be increased to \$1.05 an hour, which they said was five cents an hour less than workers in the same trades received from private industry. More than 200 spokesmen for the workers waited to be heard. It was expected the hearings would be ended Saturday.

Assistant Secretary of the Navy Roosevelt told the board and the workers that in view of the fact that the appropriation for pay was fixed by law it would be necessary to drop employees in direct proportion to the amount of increase granted. The representatives of the men later said that they would not object to such cutbacks as there were plenty of positions open outside for men discharged.

CHARGED WITH VIOLATION OF THE MANN ACT

Chicago, Aug. 5.—Charged with violation of the Mann act, Michael Salent, owner of the Fox River Inn and Ralph Wallace, an associate, were arrested today by Federal authorities, who claim the men transported seven Chicago girls to Wisconsin. The arrests followed the finding of Virginia Novak, aged 15, who has been missing for six months, in a Milwaukee rooming house.

WILL NOT OBSERVE LONG AND SHORT HALL

Washington, Aug. 5.—Railroads of the country were authorized today by the interstate commerce commission to enforce the new freight rates and passenger fares until next November 1, without observing the long and short haul clause of the interstate commerce act.

EMPTY CARS RUSHED TO NORTHWEST POINTS

Seattle, Wash., Aug. 5.—Trainloads of empty freight cars are being rushed to Pacific northwest points by northern rail lines to clear up congestion of east bound lumber traffic before the advance in freight rates becomes effective railroad officials here said today.

ENGLAND HAS NOT SENT ULTIMATUM TO BOLSHEVISTS

Denial Made by Premier of Previous Report

OPPOSITION STRONG TO INTERVENTION IDEA

LONDON, Aug. 5.—(By The Associated Press.)—A statement on the Russo-Polish situation made in the house of commons today by Premier Lloyd George showed that the report that Great Britain had sent an ultimatum to the soviet government in Moscow, was unfounded. The statement showed also that the real situation at present is that the British government is still pressing the soviet government to conclude an armistice with Poland on fair terms and agree to negotiate for peace at the conference already proposed by the allies to be held in London.

Will Act if Necessary.

Mr. Lloyd George was closely pressed by questioners for assurance that Great Britain will not become involved in war with Russia without the consent of parliament but he could be drawn no farther than to promise a statement Monday. He added the hope that it would not be necessary to act but said that the government certainly would if necessary.

Meantime news had reached London that Poland's armistice delegation had started for Minsk to meet the soviet representatives and it may be assumed the Poles now have the necessary powers to discuss the principles of peace which the Bolsheviks demanded they should have.

War Materials Not Sent.

An official statement tonight declares untrue the report that war materials are being sent to Poland and that the war office would be able to send four divisions of troops there in the next few weeks.

Arthur Henderson, labor leader is seeking to rally the labor party into organizing demonstrations against intervention in Russia or supplying men or munitions to Poland. In view of the hostility of the labor party to military aid for Poland it is believed the government will limit any needful action to economic pressure on Russia.

PEORIA MINERS RETURN TO WORK

PEORIA, Ill., Aug. 5.—Miners of the Peoria district voted unanimously to return to work this afternoon.

The demands drawn up at the meeting call for one dollar an hour for day labor inside; 60 per cent increase on all outside labor; a weekly pay, abolition of automatic penalty clause, and that powder cost \$1.75 a keg.

These demands are to be retroactive to August 1, 1920. These demands are to be acted on at a conference of miners committee and operators committee. The joint conference should complete its work within thirty days the demands drawn up.

PASCOL BELIEVED TO BE KIDNAPPER

PHILADELPHIA, Aug. 5.—Postal inspectors and local police tonight expressed themselves as convinced that the "crank" identified as Augusto Pascol and known to the authorities as Pasquale, is not only the man who secured the \$12,000 from George H. Coughlin, father of the kidnapped Norris-town baby but is the actual abductor of the 13 months old child.

Pascol who was arrested last Monday at Egg Harbor, N. J., is still hidden by the authorities.

TWO KILLED; MANY INJURED IN DENVER CAR STRIKE RIOTING

Street Car Strikers in Clash With Officers; Denver Post Newspaper Office Badly Damaged by Strikers and Sympathizers.

BULLETIN

DENVER, Colo., Aug. 6.—Following a lengthy conference with Governor Shoup, Mayor Bailey early today (Friday) issued a proclamation calling for 2,000 civilian volunteers to assist the police in maintaining order during the strike. It was stated no call would be made for troops at present.

BULLETIN

DENVER, Colo., Aug. 6.—A. G. Smith, of Denver, who was shot at the South Side Car Barns, later died.

DENVER, Colo., Aug. 5.—Two men were killed and between thirty and thirty five persons including Chief of Police Armstrong and several other policemen were injured, several seriously in rioting between striking street car men, their sympathizers and strike-breakers tonight. Five street cars have been wrecked and the plant of the Denver Post damaged by the crowd.

The mob late tonight was gathered in front of the tramway building where the strikebreakers are housed.

The rioting started this afternoon and has continued almost steadily ever since in various portions of the city.

The Post has opposed the strike. Hammers and spikes were thrown into the linotype machines in the plant, paper rolls were moved into the street, water was poured on the presses and the presses were damaged by hammers.

Shots were fired several times during the trouble and a number of persons were wounded. Others were injured by being struck by flying bricks and other missiles. There was no abatement in the rioting late tonight.

Many Injured In Riots.
Denver, Colo., Aug. 5.—Nearly a score of persons were injured, several of them seriously, and two cars were badly damaged as a result of an attempt of striking street car men and their sympathizers to prevent operation of cars by strike breakers at five o'clock this afternoon. Shots were fired wounding several persons.

Others were injured by flying bricks and other articles. There were several passengers on the car at the time of the attack, but so far as could be learned, only one, John Morgan, of Tulsa, Oklahoma, was injured. He was reported to have a fractured skull.

More than a thousand strikers and their sympathizers who had marched to the city hall for a conference with Mayor Bailey were parading the downtown section when rioting started. According to witnesses, when the strike-breakers saw that the crowd was likely to get the upper hand, they opened fire. The cars had windows broken, interiors torn up and holes torn in the roof.

Send For Troops.
At 8:39 p. m. Commissioner of Safety Downer announced that Governor Shoup had been asked to confer with city officials on the immediate use of troops to quell the disturbances.

The mob in front of the Post before entering the building, threw bricks and stones thru the windows, breaking all of them.

We have just received from the factory several cases of fall oxfords for growing girls and women made of the finest of kid and calf leathers. These shoes are of exceptionally fine quality and are smart footwear. Yet while this stock lasts we are going to sell them at \$6.95. They would be cheap enough at \$10.00. This will be a "first come—first served" affair and if you hesitate to secure a pair of these oxfords you will very likely lose out.

THE CHICAGO OPERATIC COMPANY

Congratulations are due the chautauqua committee for the good judgment that led to the engagement of Chicago Operatic Company. This sterling organization of musicians is the recognized class of the chautauqua field. No one company has done so much to improve the standard of music on the chautauqua platform. Headed by Chicago's great tenor, John B. Miller, the company is made up of real artists, whose one ideal is to give the best in music an ideal presentation. That they achieve this ideal is indicated by the return dates enjoyed by the company.

In the Chicago Operatic Company there is offered for the consideration of the music lovers of this community an organization of talented artists whose record of successes is the final word in assurance of their high merit. Organized a number of years ago by the great Chicago tenor, John B. Miller, and Arthur Middleton, the company has ever since its initial concert appearance occupied a place of distinction in the musical world. This place is due to the high ideal of the organizers, and the painstaking care

The programs, too, have been marked by a discriminating judgment in selection. They have been chosen by a musician thoroughly conversant, not only with the field of music, but as well—by reason of an extended concert appearance—with the men and women who make up the chautauqua audiences. The result has been to give added popularity to good music, for tunefulness has not been subordinated to technique in presentation. The average man likes the Chicago Operatic Company program as well as the critic—and the critic gives it his most eulogistic appreciation.

TWO KILLED; MANY INJURED IN DENVER CAR STRIKE RIOT

(Continued from Page 1)
The mob temporarily halted its
attack when employees of the
paper climbed out on the roof and
hoisted an American flag over the
building. The flag raising was
greeted with cheers. But the
truce lasted only a few minutes.
Then the crowd renewed the at-
tack with additional vigor and en-
tered the building.
Pieces of movable furniture
were pushed thru the windows.
At 9:25 p. m., troops were re-
ported coming to Denver from
Fort Logan. At that hour a
mob was marching toward the
city hall. There were cries of
"wreck the hall."

Property Loss Great

Denver, Colo., Aug. 6. — One
man is dead, more than thirty-
five injured and thousands of dol-
lars in property loss as a result of
a street car strike riot which be-
gan yesterday afternoon and had
not been brought under control at
an early hour today (Friday).
Mayor Bailey and Governor
Shoop at a conference discussed
the possibility of placing the city
under martial law either with
state or federal troops. City po-
lice admittedly are unable to
handle the situation alone.
The mob began by wrecking
street cars, turning then to the
office of the Denver Post, which
was partially wrecked, and then
riding their attention among
the city hall, tramway building
and car barns in various parts of
the city.

The man killed, partially iden-
tified as Blake, was shot near
the south Denver car barns
which a large mob still was men-
acing after midnight. Scores of
passengers had been carried by
street cars manned by armed
strike-breakers yesterday for the
first time since the strike was
called early Sunday.

The publishers of the Denver
Post after examining their plant
following the mob's attack an-
nounced they believed they would
be able to issue a paper tomor-
row. The engraving room was
demolished.

CONSCIENCE RULES RIGHTEOUSLY IN PEACE AND WAR

Harding Says U. S.
Can be Trusted in
Making Decisions

CITES OUR COURSE
IN PHILIPPINES

MARION, O., Aug. 5.—A plea
that future questions of peace and
war be decided by the nation's
conscience and not by any council
or foreign powers was voiced by
Senator Harding today in a talk
to Spanish War veterans gathered
here in reunion.

It was a national spirit awak-
ening to the defense of American
rights, he asserted that led this
country into both the Spanish
war and the world war. He added
that, although underlying considera-
tions of humanity had urged the
United States into both conflicts,
it had required a physical infringe-
ment of national rights in each
case to start the flame of war.

The visit to the re-union came
near the end of a day given over
almost entirely to correspondence
and other work at his desk. One
subject of attention was the wom-
an suffrage situation in Tennes-
see, which he canvassed carefully.

In the light of new information
he determined to take a more di-
rect course in appealing for ratifi-
cation of the suffrage amend-
ment, and he sent telegrams to
both suffrage and party leaders
at Nashville expressing his views.

A telegram sent last Friday to
the Harding and Coolidge club at
Washington, D. C., saying he was
not then ready to make such a re-
quest, also was made public here.
In it he declared he wanted the
information being collected by the
national committee so that he
might be sure of the reasons actu-
ating those opposed to ratifica-
tion.

Organization of a Marion dele-
gation to the notification Satur-
day of Governor Cox at Dayton
was the subject of a statement to-
night from headquarters. It ac-
cused the Cox boosters of guar-
anteeing free tickets and expenses
in order to swell the delegation
and to make a showing "for pic-
tures by movie machines."

Senator Harding saw how call-
ers today but late in the after-
noon he suspended work for a
while to chat with a group of
young men from the class of
school administration at Ohio
State University who came to pay
their respects. In his speech at
the reunion he said in part:
"I have always liked to believe
that the sons of America who
went to the relief of stricken
Cuba fought the first war for hu-
manity in the world."

The Spirit of America
"There is a curious contradic-
tion in the Spanish-American war.
We would not have made war for
humanity's sake if treachery had
not blown up the Battleship
Maine. That was the incident
which set America aflame, the
great impelling spirit."

"The story of the development
of America is the story of the de-
velopment of American conscience
and maintained American patriot-
ism. In Cuba we lowered the
flag in the same unselfish spirit
in which we raised it. In the
Philippines we gave the finest ex-
ample of unselfishness in the his-
tory of the world. Let us main-
tain the republic an independent,
free, self-reliant America, un-
afraid of enemies without, deter-
mined to stamp out enemies with-
in and go forward serving Amer-
ica and humanity."

The proposed commission also

UNITED AMERICANS HAVE BIG TASK

Definite Program Adopted for
Emphasizing Spirit of U. S. Citizenship.

One of the after war agencies which is carrying out a definite program of Americanization is the United Americans. This organization is specifically for the purpose of bringing to pass a better understanding of both the constitution of the United States and the ideals of the best citizenship in this country. The headquarters for Illinois are at 108 South LaSalle street.

In addition to Chicago men who are officers or directors of the United Americans, the list includes C. S. Brantingham, Rock-

ford; E. E. Crabtree, Jacksonville; B. F. Harris, Champaign; George Peek, Moline; George Woodruff, Joliet, and Samuel Woolner, Peoria.

The organization in its publicity matter says to all American citizens, whether native or foreign born: "We believe in the ten commandments, the golden rule and the constitution of the U. S." The organization is national in its scope with a well perfected branch in every state in the union. It is proposed that this organized effort to help along in this work of laying emphasis upon Americanism.

The following statement from a recent circular issued by the United Americans gives further facts about the organization:

The big idea behind United Americans is faith in the constitution of the United States, in the American form of government and in the good sense and loyalty of the American people.

This is the foundation on which United Americans is organized to help in the work of making a happier, better and more prosperous country for all of us.

United Americans does not claim that America is perfect; that there are no wrongs to be made right; no injustices to be removed; no reasons for people to find fault. But there is no country where the people have a better chance to make life what it ought to be if they will use their brains, their labor and their opportunities wisely. It sympathizes with those who are bearing burdens and suffering hardships, many of which have been caused by trouble an European autocrat brought upon the world, and it wants to help make these burdens lighter and these hardships less.

United Americans is friendly to those of foreign birth of blood. It is eager to help them to understand America and American

ways, and to make it easier for them to join with all who live beneath the Stars and Stripes in working for real freedom, justice, a better chance and a greater prosperity, under the safety of the law and the blessing of peace.

United Americans believe that under the constitution of the United States, and working thru the free institutions it provides, such as the right of discussion, assembly, of the ballot and of the making of laws and amending of constitution thru elected representatives of the people, we can right all wrongs, end all evils, make all wise and needed changes and secure freedom and justice and happiness for a united people.

But United Americans will fight to the end by every lawful means, those who try by threat or by violence to overthrow our government, change our institutions or break down the safeguards which protect the rights of person and property under the flag.

It is for the weak and the oppressed and the unjustly exploited; but it is against those who preach class strife, who sow the seeds of bitterness and hate, and who would set up the advantage of any group as bigger than the welfare of all the people.

The name United Americans has been chosen because it is believed the time has come when all true Americans must stand shoulder to shoulder, ready to go the limit in defending American institutions and upholding American ideals. To this duty United Americans calls every American, confident that by working together we can solve our problems in the American way—peacefully, wisely and for the lasting good of all of us.

NEWSPAPER MAN GIVES OUT FACTS

"I Know What It Will Do for I Have Tried It," Says S. O. Fink

"I have put Tanlac to the test and know that it can be depended on," was the statement made recently by S. O. Fink, well known newspaper man in the circulation department of the Fort Wayne News and Sentinel and residing at 602 Huffman St., Fort Wayne, Ind.

"For more than a year I had been in bad health," he continued, "and then last fall I had a severe attack of the flu which left me in a worse condition than ever. Everything I ate hurt me and often I wasn't able to keep anything down. My liver and kidneys also were badly disordered and I had terrible pains across my back. I had a dull headache nearly all the time and often I became so dizzy I had to sit down. My sleep was always restless and when morning came I was all fagged out and felt that I didn't have any strength or energy left."

"One day not long ago one of my friends suggested that I try Tanlac. I took his advice and my appetite picked right up, the indigestion began to leave me and I was soon able to eat anything I pleased without any bad after effects. My liver and kidneys are now in fine condition and the pains have all gone from my back. I don't know what it is to have a headache or dizzy spell now and at night I sleep as sound as I ever did."

Tanlac is sold in Jacksonville by Coover & Shreve and by the leading drug store in every town. Adv.

IT NEEDS ONLY "JUST ONE"

Each Dose a Different Laxative. "They Never Wear Out."

The modern scientific way is to never use the same laxative twice in succession. This avoids the danger of overworking one organ while leaving another congested and sluggish. The new idea is to stir up one organ today, another tomorrow, and so on, keeping all up to maximum efficiency without injuring any.

"Just One" is the only laxative in which this plan is carried out. Each of the twenty tablets in a box of "Just One" is a full, regular, correct dose of a different laxative than the other nineteen. No two alike, though all look alike. Each is best of its kind, pleasant and thorough in action and a successful formula proved by years of use.

Your system can't become used to and unresponsive to "Just One." You never increase the dose. "Just One" is always enough; hence the name.

You'll like this new idea. So get "Just One" today. Any drugist anywhere can get "Just One" for you or we will send it postpaid upon receipt of 25c per box. Fern-Phone Chemical Company, Council Bluffs, Iowa.—Adv.

MISS VENNER REMAINS AT PASSAVANT HOSPITAL

Will Be General Superintendent
—Miss DeLong in Charge of Training School.

A special meeting of the trustees of Passavant hospital was held Thursday evening. The call for the meeting was issued by the president, A. A. Curry and there was a good attendance of members. Prayer was offered by Dr. W. E. Spoons and the minutes of the preceding meeting were read by Secretary Harber.

It was announced that Miss Venner has been employed as general superintendent and Miss DeLong as superintendent of training school. A drive has been made to secure cooperation of country churches. A campaign drive agreed upon later and a general reorganization and infusion of new life into the management.

At a previous meeting it had been decided to employ a general manager of the institution and the executive committee had been instructed to attend to that matter and for that committee Dr. A. L. Adams reported that Miss Venner had been secured for the place.

Heretofore it has been her duty to manage the business affairs of the institution and also to conduct the training school and have oversight of everything. The hospital has grown to such proportions that it has been impossible for one person to do justice to such a multiplicity of business and consequently it was decided to employ Miss Venner as general superintendent to attend to all business matters such as buying supplies, employing help, and to have general oversight of everything connected with the institution. This is another official would be vested the duties of instructing in the training school and a directress of nurses, and the advantage of such arrangement is only too obvious. The recommendation met with great favor and was adopted unanimously.

For instructor of training school and directress of nurses, Miss Della DeLong has been employed and will undertake her duties as soon as possible. The young lady is eminently qualified for the position. She is now connected with Grace hospital at Detroit; is a graduate nurse and has splendid qualifications for the position, and has also local acquaintance which will render her still more valuable.

At a preceding meeting a committee was appointed to carry out the idea that this hospital is the property and enterprise of the churches of Morgan county and even of some additional territory as may seem best.

J. J. Reeve Makes Report.

Hon. J. J. Reeve was the chairman of the committee and reported progress. He has already received responses from considerably more than half of the churches in the county who have named each a trustee and he will, as fast as possible, communicate with all the rest to the end that each church may be represented in the managing board of trustees.

Mr. Reeve made some excellent remarks on that line. He said it should be distinctly understood that when people are asked for assistance it is not to help Passavant hospital, but to aid suffering humanity. If only those able to pay full price were admitted the running of the hospital would be a easy matter, but that is not the object—it is for suffering humanity unable to pay anything, or only a part.

As far as possible the hospital takes worthy cases free of charge and many more at reduced rates, and it is for that purpose that contributions from the public are asked. People are not asked to give to Passavant, but to give for their needy brothers.

Tent at Chautauqua.

It was decided to have a tent for headquarters at chautauqua grounds and the money for the same was nearly all raised on the spot, and the matter placed in the care of Dr. W. E. Spoons to carry out. All persons having chairs, tables or any kind of suitable furniture which could be used there, are asked to report to Mrs. Kate Hollister.

It is the determination during the chautauqua to urge "all the new trustees named by the different churches to get together from time to time at the chautauqua headquarters and discuss matters pertaining to the institution and get into touch with it."

Will Put on Drive.

It was decided to put on a drive for the institution about the middle of September. Some money has been raised by the ladies for a laundry and the intention is to secure enough to completely erect a structure and do some other needed work about the institution in connection with the new addition.

At present a very encouraging condition of affairs is reported. There are 50 patients in the hospital and a waiting list of several. There were eight operations Wednesday and seven Thursday.

The new addition is proving a great benefit and soon another will be called for and when all get together as they should and do their part, Passavant hospital will properly take its place among the best equipped and managed institutions of its kind in the country.

We want your used furniture. Will pay best prices. Call us up at once and we will call.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water, sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply. He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcline into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcline in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

Service is Real and Really Part of Prest-O-Lite

He had just bought a new car, and at the suggestion of the automobile dealer drove over to the Prest-O-Lite Service Station for the "initial test" of his storage battery.

"What does all this much-advertised Prest-O-Lite service amount to?" he asked. "Is it straight stuff, or is it simply a selling argument for batteries?"

"Straight stuff!" echoed the Service Boys. "We'll say it's straight stuff! Prest-O-Lite service is as real as the Prest-O-Lite storage battery, and it is inseparable from it. You have an example of it beginning right now in the initial test, which guarantees that your car will be started out right. We test the battery, check over the electrical wiring of the car, and see if the generator charging rate is too high. If the battery is partially discharged on account of the car's standing idle in the showroom, or through delay in transit, we give it a freshening charge and lend you a service battery while we are doing it."

ACTION FOR DEBT

AGAINST THOS. HAWKS

An unusual case is shown in the suit filed by the International Harvester Co. against Thomas Hawks. The complainant in this case is represented by William N. Hairgrove. As a result of this action Mr. Hawks is now in jail by a circuit court order obtained by Mr. Hairgrove in Springfield. Hawks, it is alleged, failed to schedule \$2500 worth of property and thus to evade payment of a judgment for \$1220, the note being in favor of the International Harvester Company.

Walter W. Wright, who is attorney for Mr. Hawks, gave notice that he will apply in the county court for the release of his client under the debtor's liability act. It is understood that the proceeding is really brought at the instance of S. Henry of Woodson, who some months ago purchased a piece of property from Hawks and did not discover until recently when he was able to sell the property, that there is an unsatisfied judgment against Hawks.

COUNTY SURVEY PLAN HEARTILY ENDORSED

Community Meeting Held Thursday Night Which Plan of Work Was Fully Explained—H. M. Capps Heads General Committee.

A community meeting was held Thursday night at Red Cross headquarters at the public library building. Miss Belden, field representative for community surveys from the central division headquarters of the Red Cross, was present and explained the purposes of the survey which will be made in this county.

The Red Cross is sponsoring the survey but the policy is to work with the endorsement and co-operation of the civic, health and social agencies of the county. Some weeks ago the executive committee of the Red Cross determined upon this survey, but the meeting of last night, which was open to all persons interested, was for the purpose of bringing about a better understanding of the proposed work.

Harry M. Capps, who will be chairman of the general committee, presided last night and Mrs. F. J. Hehl was the secretary. Miss Belden in an informal talk outlined the survey work and told something of what had been accomplished in other cities. Then there was open discussion of the whole matter, with the result that by unanimous vote the plan was endorsed.

It was then that Mr. Capps was selected as the chairman of the general committee. It was explained that there will be one general committee and six sub-committees, and that the survey work will be conducted simultaneously throughout the county. The work will be done in September and a few weeks later the compiled reports will be available for local use. The company present last night included E. E. Crabtree, M. F. Dunlap, Mrs. F. J. Hehl, secretary Morgan County Chapter; Capt. Wicks of the Salvation Army; Miss Lillian Havenhill, Miss Jean Peterson, Misses Margaret and Ainslie Moore, Dr. F. A. Norris, Miss Austin, child welfare nurse; Miss Norma Dawson, home service secretary; Miss Lucy Catlin, state welfare worker; H. M. Capps, J. J. Kelly, Archibald Norris, Mrs. M. D. Shanahan.

The scope of the survey can be judged from the following outline of the organization plan. It will be seen that the investigation will cover a wide field.

SLEEPS ANY OLD WAY NOW

"I am 50 years old and never was sick until 8 years ago when I got stomach trouble. I have spent a fortune for medicine which did not cure. I kept on suffering and getting worse. A fellow worker told me about Mayr's Wonderful Remedy. After taking three doses I felt like a different man; before taking it I could not lie on my back nor right side. Now I can sleep any old way." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.—Adv.

PROMINENT MAN TELLS HOW HE WAS BENEFITED

Says Trutona Gave Him More Relief Than Any Other Medicine Ever Taken.

Decatur, Ill., Aug. 5.—A striking feature of the scores of testimonials given daily, by the grateful users of Trutona, is the large number which come from well-known and prominent people, many of whom have heretofore been disinclined to publicly endorse any preparation. Read what Lewis Drum, a prominent Decatur real estate dealer of 1293 West Forrest avenue, says about Trutona, in the following statement:

"For about two years I had been in a run-down condition. My appetite was very poor. Everything I ate seemed to have a sour taste. I knew my system needed toning up, and thinking that I needed something in the way of a tonic, I tried Trutona. This medicine has given me splendid results, and I can recommend it as a fine system builder. Trutona has given me more relief than any other medicine I've ever taken."

Such a statement coming from a man of Mr. Drum's business and social standing, should do much to convince the most skeptical that Trutona's healthful action reaches every portion of the body, and performs its work faithfully and efficiently. Trutona rebuilds diseased nerves and tissues, creates a healthy appetite and assists in the assimilation and digestion of the food.

Trutona is sold in Jacksonville by Coover & Shreve's stores and in Franklin by Wyle Drug Co., and in Waverly by Wyle Drug Co.—Adv.

The superiority of Nu-Bone Cor-
sets is due to their distinct differ-
ence from all others—features
they have which no other corsets
can have. This difference is due
to the Patented Nu-Bone Stay
which is the only woven wire stay
in existence. The machines that
weave the three or five strands of
finest piano wire into the Nu-Bone
Stay are patented, owned and op-
erated by the Nu-Bone Corset Com-
pany only. The Stays are used
only in Nu-Bone Corsets. Nu-
Bone Corsets are made-to-measure
—also kept in stock. Call, write

Local Chautauqua Committee

Below are the names of the public spirited citizens of the community who make possible your chautauqua. They are not interested in the coming of the chautauqua from a desire to profit personally. They are working to benefit the whole community. Do your share toward helping make the assembly a success and your own attendance as inexpensive as possible by purchasing season tickets for yourself and family.

MYERS BROTHERS TO BE HERE SUNDAY

Will Play Rubber Game With
Indees—Ben Florence Will
Pitch for Locals.

Frank Smith announces that Myers Brothers will be here Sunday to play off the rubber game with the Indees.

The teams have played two games. The first went to Myers Brothers and the second was taken by the Indees. Sunday's battle for the odd game promises to be a warm one.

Ben Florence who pitched for the State Hospital team several years ago, will start the game for the Indees with Riggs, Hamm and Patrick in reserve. Florence has pitched some excellent baseball in Peoria, Springfield and for Iowa teams.

While the attendance has been fair it is still not enough to keep the team going under the present high cost of railroad fares, baseballs and the things needed in a game. Manager Smith says if the attendance does not increase he will be compelled to cancel the remainder of the local schedule and take the team away from home for games. A number of cities have asked for games with the Indees and it may be that the team will have to go out of town to play.
